

A guide to using works of art as a starting point

Who is the artist or group of artists?

Erub Arts

What are the main ideas, themes or concepts in the artist's work?

Sustainability

The Erub Island environment & the ocean

How does this relate to the world of my students?

Plastics

Marine life

Environmental concerns

What are some ways students could respond to these issues – without creating copies of the artist's work?

Observation drawings of plastic bags
Investigation into the lifecycle of plastics

Investigate marine life found where you live – lino print using hand made paper or collage using recycled materials.

Select a local environmental issue and design a wearable work of art in response.
